Dear Carolyn:

Your presentation at the FCCLA Peer Education Training helped make the conference a real success. Thank you so much for working so hard to make the Alcohol Poisoning workshop an educational and memorable one for those attending. You received great comments on the evaluation forms from the students attending. I cannot wait to see what great projects the members do in their local communities. We will share those with you after the due date.

You are such a friend of FCCLA's and I appreciate your willingness to work with us. Preparing for a workshop of that length is no easy task and you certainly did a great job getting ready to train our peer educators. I am sorry that the police officer did not attend but know you and Lara did a fine job.

Thank you so much, Carolyn. I look forward to see you again at another one of our trainings. Let me know if FCCLA can help you in any way.

Be safe and take care of yourself.

Sincerely,

*Sharon*
