Jose Cuevas
Presiding Officer
Texas Alcoholic Beverage Commission

Dear Mr. Cuevas,

Recently my business filed for our Brewer's Permit and Distiller's and Rectifier's Permit, and we wanted to say thank you to the TABC staff for working with us.

Our business was unconventional in many different ways, which made the process fairly complicated. First, we are a combined brewery/distillery operating as an alternating proprietorship. Second, we have 25 investors in our company at both the debt and equity level. The TABC staff helped us work through these complications in a thorough and professional manner that we appreciated.

In particular, the San Antonio regional office spent considerable time working with us, and we would like to thank them. Yvette Price and her staff were always patient and responsive. They helped familiarize us with the application process and kept us updated along the way.

We believe that collaboration between manufacturers and the government is the best thing for the industry, and we look forward to a great relationship with the TABC. Thanks again for the help with our application process, and please let Yvette and the rest of the staff know that their work is appreciated.

Sincerely,

C. Mark McDavid
Co-founder, Ranger Creek Brewing & Distilling
