LICENSING BULLETIN – LIC002

## *Fees for Expedited Processing of Catering and Festival Certificates*

To: Alcoholic Beverage Industry

The Texas Alcoholic Beverage Commission (TABC) has recently amended Administrative Rule 33.23, which governs license and certificate surcharges as well as expedited processing fees.

**Effective April 16, 2018**, businesses, individuals or groups seeking a **Caterer Certificate**, **Temporary License/Permit**, and **Certificates for Use of Winery Festival Permit** may be subject to expedited processing fees if they submit their application to TABC after the deadline of **10 business days** before the event for which the certificate or permit is needed. Please note, **fees for temporary permits have not increased**; expedited processing fees are only assessed for applications not received by TABC prior to the deadline.

Expedited processing fees are as follows:

- **\$300** for applications submitted **nine to seven business days** before the event;
- **\$500** for applications submitted **six to four business days** before the event; and
- **\$900** for applications submitted **three to one business days** before the event.

TABC is taking steps to make it easier to obtain a certificate or temporary permit without having to pay an expedited processing fee. Any individual or organization applying for a certificate or permit may now submit their application by e-mail to their local TABC licensing office. Applications are no longer required to be submitted in person.

Applications received in the office or by e-mail prior to the deadline will not be subject to expedited processing fees. **Applications received after 2 pm will be dated as received the following business day.** Applicants may submit their temporary permit or certificate paperwork by e-mail using the following addresses:
